

Partnership Fit Test Using SVEF Guiding Principles

Name of Partner:

Date of Assessment:

Criteria	Alignment				Comments
	High	Med.	Low	None	
Fit with Mission Is the objective to prepare students for completion in post secondary education? Is the program/service scalable? Can the relationship with SVEF bring systematic change? If it doesn't work, the exit strategy will not be harmful?					
Subject Area Focus: Math Science					
Focus by Grade: Middle School (grades 6,7, & 8) Pre-School (indirect) K - 5th grade (indirect) High School (indirect)					
Focus on Advocacy: Math Science English Language Arts Arts Pre-Kindergarten					
Focus on Technology: Integrating & infusing technology in the classroom Teacher Professional Development					
Focus on A-G Requirements:					
Student Selection Below Basic/Basic					
Fit with Outcomes Does the program/service address an area of greatest student weakness? Does the program/service address achievement gaps? Is the program/service in an area where there is limited Federal/State effort? Are the outcome measures valid indicators of student performance?					
Data Driven Decisions Is the program/service supported by data?					
Funding Is the funding model complementary? Can the potential partner sustain itself for at least two years?					
Geographic Boundaries Is the potential partner's focus in Santa Clara County only?
