Silicon Valley Education Foundation (SVEF) is the largest educational nonprofit in Silicon Valley. Our mission is to deliver and advocate for STEM education that inspires students, who lack access and opportunities, to succeed in college and careers. We are guided by the belief that all students are capable of pursuing higher education and boosting their future economic mobility regardless of their background. SVEF has an established legacy of providing proven STEM programs and being profoundly committed to empowering students to graduate high school career and college ready. The impact of our work is evident in our strong partnerships with districts and donors in closing the achievement gap and the creation of a workforce that has the skills to meet 21st century needs.

**Position: Eastside Education Initiative Director**

The Eastside Education Initiative (EEI) Director leads the educational programs of EEI to success by ensuring programs meet key program goals and are delivered on time and on budget. Reporting to the CEO, the EEI Director will guide the EEI team staff in the day-to-day operation, in addition to leading goal setting, planning, milestone tracking, and evaluation of programs. The EEI Director will also collaborate with SVEF Cabinet members and Directors and other EEI partners to implement the initiative and negotiate contracts with partners, districts, and expand programs.

**Major Duties & Responsibilities:**

*Strategic Planning & Leadership*

- Lead the implementation of the Eastside Education Initiative programs; oversee the day to day logistical planning and interaction with the school districts, teachers, and other partners
- Collaborate with other education partners including other nonprofits and the business community
- Provide leadership in the implementation of strategic initiatives to continually refine and improve SVEF education programs while meeting measurable goals and objectives.

*Operations Management*

- Develop and communicate an implementation plan with specific program goals, time frames and resource requirements.
- Ensure consistent and responsive delivery of high-quality programs/services
- Establish metrics to document and ensure that projects meet stated objectives and oversee data collection and analysis for project evaluation purposes.

---

SVEF is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, sex, sexual orientation, gender identity, veteran status, and disability, or other legally protected status.

Rev. 06/16/2022
• Coordinate with school districts and the team to collect, prepare/clean, analyze and report on student and program impact data. In addition, oversee the storage of data in compliance with student data privacy laws.

• Participate in establishing and cultivating collaborative partnerships with other nonprofit organizations, state and local government agencies, and community leaders in support of STEM.

**People Management**

• Supervise, manage, and evaluate college and career counselors, math & science teacher coaches, and administrative support staff

• Manage the support and engagement of staff development programs to enhance skills and abilities of direct reports to provide for professional growth.

**Fundraising**

• Provide support for grants, special projects, events or fundraisers in support of STEM.

• Participate in SVEF’s efforts to develop and implement activities to identify, solicit, involve and retain donors.
