Dear Friends, Sponsors & STEM Supporters,

Thank you for your continued support of our students through your attendance at the DreamMakers 2023 Dinner! Our Chairman of the Board, Dave House, and I are thrilled to welcome you to our annual awards and fundraising event. We hope you enjoy this year's showcase of our proven programs, strong partnerships, regional scale, collective impact, and established legacy in Silicon Valley.

As the largest education nonprofit in the Bay Area, SVEF is a vital resource and advocate for public education, with a focus on the delivery of STEM education. Since 1998, SVEF has directly served over 63,700 students and 4,000 teachers across 117 school districts to date. Our programs also indirectly benefit over 64,000 students annually through the East Side Alliance (ESA; East Side Union High School District and its seven feeder schools).

We are guided by the belief that all students are capable of boosting their future economic mobility regardless of their background. SVEF has an established legacy of providing proven STEM programs, advocating for education equality and equity, and being profoundly committed to empowering students to graduate high school career and college ready. The impact of our work is evident in our strong partnerships with districts and donors in providing access and opportunity for student success and the creation of a Silicon Valley workforce.

With your support, improving student achievement in science, technology, engineering, and math today will lead to success tomorrow. Thank you for helping our students' dreams come true! You are the difference!

Sincerely,

Dr. Lisa Andrew, Ed.D
President & Chief Executive Officer, SVEF

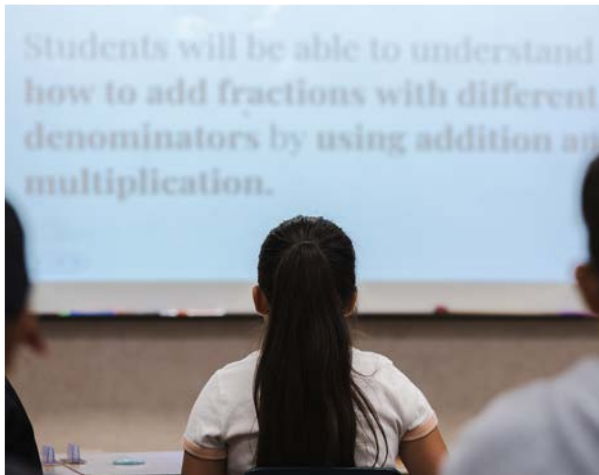

Dave House
Chairman of the Board, SVEF

Corporate Partner of the Year & Awardees

DreamMakers 2023
A Legacy of STEM Excellence

Corporate Partner of the Year

SVEF is pleased to present the Corporate Partner of the Year award to the Micron Foundation. Since 2021 Micron has been a strong partner for students furthest from access supporting Elevate [Math] and Computer Science [CS] Innovate. During this time Micron has been a key partner towards efforts that have allowed SVEF to reach over 12,900 students directly.

Awardees

Vanessa Bautista
Elevate [Math]
Volunteer of the Year

Jason Degraaff
Elevate [Math]
College Mentor of the Year

Mason Phan

49ers' Christmas VIP Game Day Experience

Emily Quinn, a Bay Area Benefit Auctioneer since 2008, has helped nonprofits raise millions for causes she's passionate about. Emily lives in Oakland with her husband, three kids, and dog.

Gear up to bid for the ultimate Christmas Day showdown between the **49ers** and the **Baltimore Ravens**! The 49ers Foundation will provide a pair of suite tickets for the game, pregame field passes, VIP parking, a deluxe goodie bag, and VIP passes for an exclusive halftime wine tasting in the Citrix Owners Suite level. Don't miss scoring this incredibly "suite" football experience! 🍷🏈

SVEF is thrilled to have Ted perform at the DreamMakers 2023 community party. After a two-decade journey with The Killers as a versatile musician, producer, and singer/songwriter, this Wisconsin-born, Las Vegas-based artist now shines in his debut album, "You'll Be Back Here Soon." Get it today!

Donor Levels

Your gift has the ability to make a transformative impact for over 100 students.

\$100,000

Your gift could support SVEF's Computer Science (CS) Pathway Pilot which provides access to CS coursework to 7th–10th grade students furthest from access & opportunity and connecting 10th-grade students to one or more of three pathways.

\$50,000

Support for students to participate in a 19–24 day summer Computer Science (CS) class in a Bay Area middle or high school aimed at increasing the number of students taking CS courses and preparing them for success in tech-focused, 21st-century careers.

\$25,000

Your gift could support a middle school in East San Jose to provide teachers professional development in Education Technology, provide families with digital literacy training, and ensure all students have a device with access to high-quality internet at home.

\$15,000

Your gift could support 20 students participating in an Elevate[Math] class aimed at helping them become self-confident problem-solvers and be prepared for their next level math course.

\$10,000

Your gift could support two days of professional learning and coaching for teachers, and grant them access to EdTech resources that develop their expertise and support classroom success.

\$5,000

Thank-you!

Thanks to our **Board Members,**
Advisory Board Members,
Staff, & Donors for making all
our students' dreams possible.
